

Work Opportunity Tax Credit (WOTC) for Staffing Agencies

Arvo *tripled* a staffing agency's WOTC credit.

Opportunity

Business growing, WOTC not.

Despite exceeding \$100M in annual revenue and issuing more than 25,000 W-2's per year across their 44 US locations, this agency's WOTC credit was not growing in step with its business.

Arvo identified three main issues:

1. *WOTC process inconsistent across locations.*
2. *Insufficient reporting resulting in obscured WOTC results.*
3. *Screening compliance in need of troubleshooting.*

Action

WOTC optimization strategy deployed.

Arvo helped the agency make three big changes:

1. *Audited all locations to develop a standard operating procedure for WOTC, then trained all managers.*
2. *Provided reporting and guidance to each branch through and beyond launch.*
3. *Optimized the screening process, including applicant tracking system (ATS) integration.*

Results

WOTC tripled.

WOTC operations across all locations were simplified, standardized, and maximized. The agency's WOTC credit tripled from \$400K to \$1.2M in just 12 months..

\$1.2M+ WOTC CREDIT CLAIMED

Arvo's Work Opportunity Tax Credit Optimization Program is not even close to being the same product or service other WOTC vendors provide. It's on a whole other level.
